

ACTIVITY 2nd JUNE

It's Reading time!!!

In the era of modern technology, less and fewer children are turning to 'reading' as their hobby. There's so much joy when it comes to reading that it can be hard to comprehend why some children need to be motivated to read!

Reading without reflecting is like eating without digesting – reflect on what you have learnt everytime you finish a book!

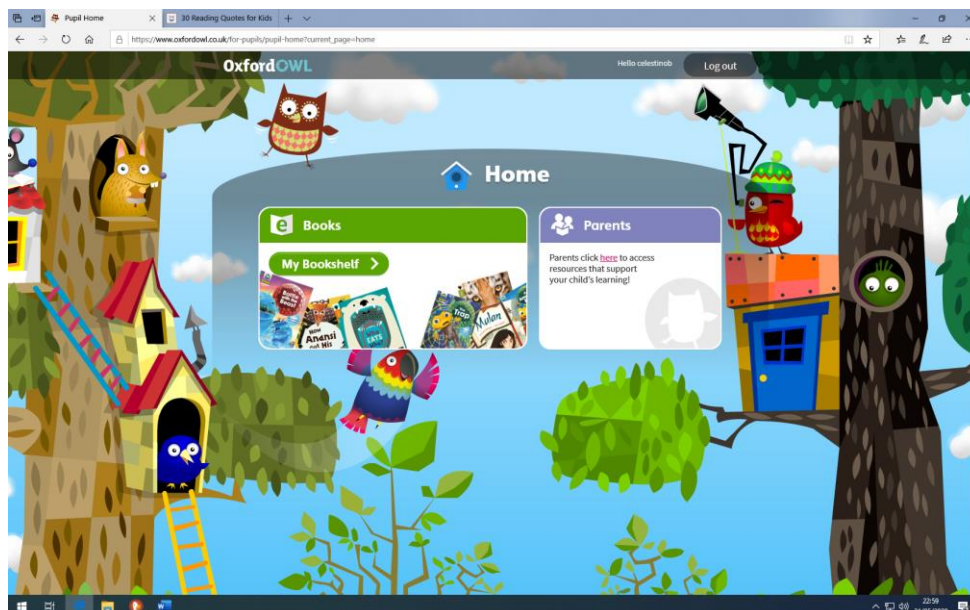

<https://www.oxfordowl.co.uk/>

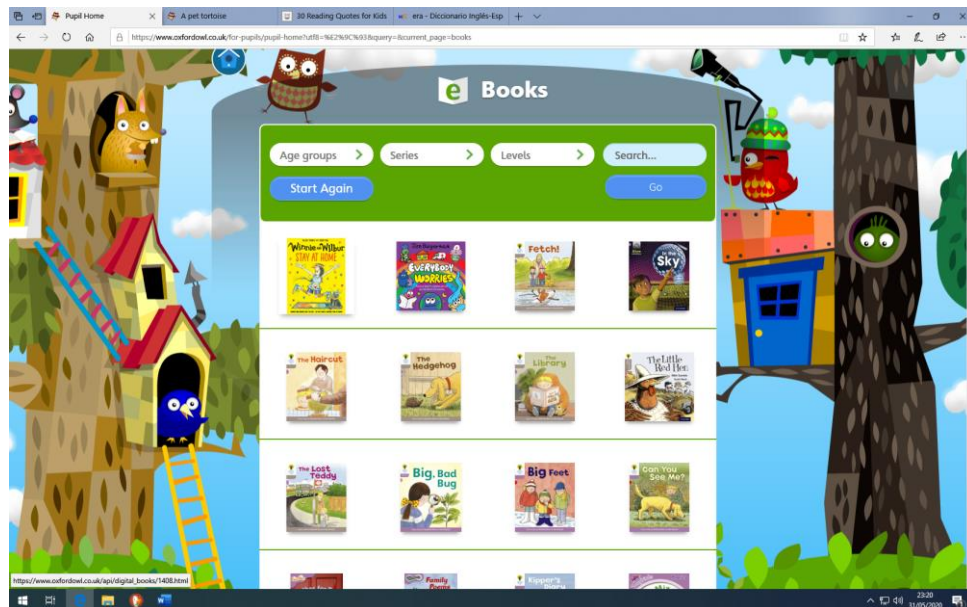

You click on "My class login" and, according to your 5th class:

My class name – celestinoa (5A), celestinob (5B) or celestinoc (5C).

My class password – montoto (the same for the three groups).

Then you go to the Books Section and click on “My Bookshelf”.

You can choose any book you like, but suitable to your English level, neither too easy nor too difficult for you. Better option is an **Audio book**, so you can read and listen at the same time. Many books have two “Play Activities”.

After reading the book, you fill in the “**BOOK REVIEW**” attached document and send it to me [before June 8](#).
