Follow the route BrainPOP Jr. – Science – Health – Feelings - Emotions

<https://jr.brainpop.com/health/feelings/emotions/>

After watching “**Emotions**” movie, you have some optional activities for doing.: quizzes, games, belly up and pop a joke.

Activity (Emotions Worksheet)

Write the emotion each event or situation would make you feel. Then draw a line on the dial according to the colour to show how strongly you would feel that emotion. Come up with/Add your own events or situations too.

Send it to me by mail: robertofp@educastur.org

b. Animals Emotions.

Have you ever wondered if animals have feelings and emotions as humans? What do you think?

Watch at the following video (select English subtitles option) and learn about it.

<https://youtu.be/6n2pqZsOAEA>

c. **What are feelings?** There are different types of feelings that we experience.
